QUEENSLAND HOTELS SUPPORTING MEDICAL RESEARCH

Help us find a cure!

Participate in QHA Hotel Care and help Queensland's medical research teams to save lives.

QHA Hotel Care is a partnership between Queensland Hotels Association, Mater Foundation and PA Research Foundation. Taking place in September 2011, the aim is to raise much-needed funds for our medical research teams, as well as helping our regional hospitals.

In the past seven years, QHA Hotel Care has raised more than \$1,285,000 for this great cause, with every cent raised by hotels donated directly to the medical research foundations and 12 of Queensland's regional hospitals.

Hotels in metropolitan areas have 100 per cent of funds raised directed to the two Foundations, while hotels in regional Queensland have 50 per cent of funds raised donated to their local regional hospital and the remaining 50 per cent donated to the Foundations.

Hotels that register to participate in QHA Hotel Care receive a full fundraising kit, including a fundraising manual, posters, fun nurses' hats and beer tap wobblers to promote the campaign. Hotels can choose to fundraise in any way they wish to maximise money raised for medical research and our regional hospitals. This may include doctors and nurses themed party nights, corporate breakfasts, raffles, or donating a set amount for every steak or other product purchased during the month of September. Hotel teams are encouraged to get creative and have fun!

QHA Hotel Care starts 1 September

**Register your hotel now to receive your free fundraising kit!
See over for details.**

Register your hotel or bottle shop to participate in QHA Hotel Care 2011
